## ALDERMEN BENT ON A NEW DEPARTURE

### Plan to Invite Common Council to Meet Them in Joint Session.

### BRILL'S MOTION LOST.

**Election of Police Commissioners, School Trustees and Superintendent of Gas at Next Meeting.**

All the aldermen were present last night and the bulk of the business was transacted without discusssion..

Several members were anxious for a joint session of the two boards in order that vacancies upon the Police Board and City School Board could be filled. As there was no likelihood of the Common Council inviting the Aldermen to meet with them in their chamber for this purpose, it was suggested that the Aldermen notify the lower board of their readiness to meet them for this purpose.

Several aldermen demurred to such a procedure, alleging that this would place the upper board in a position of self-invited guests.

It was then suggested that the Board of Aldermen invite the Common Council to meet with them. It was alleged that there was no law compelling the aldermen to wait for an invitation from the lower board, and that the gathering of the two boards in the Common Council chamber was simply a custom and for convenience, as the chamber of the lower board was more commodious.

After an interchange of opinion among all the members, Mr. Brill moved that the Common Council invite the Board of Aldermen to meet them in joint session.

Mr. Ogden opposed the motion, saying he did not know the names of the candidates and preferred more information before plunging into an election.

Mr. Field also opposed the motion, although he was ready to participate in a joint session of the aldermen should they receive an invitation.

Mr. Brill spoke in favor of the adoption of his motion, and said it was high time to electing police Commissioners and School Trustees.

Mr. Ballenger was averse to the proposed new departure of inviting the Common Council to meet the Aldermen in joint session, as was also President Marbury.

The members who opposed Mr. Brill's motion announced themselves as ready to respond to an invitation to meet the lower board in joint session.

The ayes and noes were called on Mr. Brill's motion, and it was lost by the following vote: Ayes, Messrs. Hill, Brill and Fitzgerald—3. Noes, Messrs. Ballenger, Ogden, Field, Summers and Mr. President.—5.

**Common Council.**

When Council came to order last night five members were absent, Messrs. Lambert, Graham, Brockett, Monroe, and Chauncey. Mr. Brocket came in a little later, making 12 members present.

The Committee on Light recommended the passage of an ordinance providing for the election of a superintendent of Gas at a salary of $1,200 per annum, to be elected in April, 1914, and every second year thereafter.

Mr. Williams moved to set the first election for April, 1913 as he felt that the ordinance should be made immediately effective.

Mr. Marshall at first objected to this, as most of the city officers would come up for election in the spring of 1914, but after some discussion Mr. Williams' amendment was agreed to and the ordinance passed.

Mr. Birrell asked that the special committee on railway rates and accomodation be instructed to take up with the officials of the Washington and Old Dominion Railway the matter of improving the service on their lines between Alexandria and St. Asaph Junction.

This led to a long discussion between Messrs. Birrell and Spinks; Mr. Spinks favoring more drastic action. After Mr. Birrell had given a graphic description of the filthy and crowded condition of the cars on this line his motion was agreed to.

A petition from C. T. Goods, Chief of Police, for an increase in salary, was referred to the committee on Police and Finance.

A petition from Mr. H. D. Kirk for permission to erect a corrugated iron garage in the rear of No. 308 North Columbus street, was granted by Common Council, but the Aldermen objected and referred it to a committee. Council declined to agree to this and after consideration by a conference committee, and considerable discussion in both boards it was decided to grant the permit provided the consent of adjoining property holders was obtained.

Petition of W. M. Gaines to erect porch at house 114 North Alfred street, was referred to the street committee.

Permission was granted W. S. Nicklin to erect frame addition in rear of 219 South Pitt street. Petition for a gas main in Gibbon street, between Henry and Patrick street, was referred to the light committee. An ordinance prescribing the width of roadway in Prince street, between Lee and Washington streets, was referred to the street committee. A bill of W. Demaine & Son, for $162, was ordered paid.

It was not until the report of the finance committee on the question of a new house for the Relief Hook and Ladder Company was reached, that there was any serious difference between the members. The report of the committee, after reciting the interest of the city in the upbuilding of its volunteer fire companies and the necessity of providing suitable buildings and apparatus, recommended that no action be taken on the new building at present but that the resolution be recommitted to the finance committee for further report as soon as the finances of the city permitted an appropriation for the new building.

Messrs. Marshall, Spinks and Birrell vigorously opposed any further delay in commencing work on a new building. Mr. Marshall pointed out the long series of disappointments to the members of the Relief Company, stating that the lot for the new building had been purchased many years ago. He told of the condition of the present building which he stated was a disgrace to the city.

Mr. Marshall told of the splendid work that is being done by the Relief Company and of its necessity in the First Ward. He declared that the First Ward, one of the oldest in the city, had received fewer public improvements than any other section of the city and said that a new engine house would help that section of the city. He spoke of the improvements near the corner of Royal and Prince streets which had been made by the individual property owners. The city, however, had let its property go to rack and ruin until it was now in a shameful condition.

Mr. Spinks wanted immediate action on the resolution and also said a new truck for the fire company was badly needed. Mr. Birrell moved to non-concur in the action of the Board of Aldermen who had agreed to the report of the committee on finance. After further debate and an explanation by Mr. Williams of the reason that had led the finance committee to take the action. the motion to non-concur was lost by a vote of 3 to 9, Messrs. Marshall, Spinks and Birrell being unable to make any converts to their proposition.

A second disagreement arose over a communication from H. D. Kirk, clerk of schools, stating that the terms of four members of the school board, Oscar W. Phillips, First Ward; T. M. Ervin, Second Ward; Dr. William M. Smith, Third Ward; and J. Frank Myers, Fourth Ward, had expired.

Mr. Smith moved that Council ask the Board of Aldermen for a joint session for the purpose of filling the vacancies and Mr. Birrell agreed with him.

Councilmen Brockett and Williams recited that there were four absentees and favored waiting until the next meeting when there would be an election of school trustees, together with police commissioners.

Mr. Brockett offered a resolution to this effect, which was carried.

## GRAVE CONDITION OF POPE PIUS X

### Heart Weakness Causes Alarm to Physicians at Vatican.

### SISTERS AT BEDSIDE.

**Thousands of Pilgrims Gather in St. Peter's Cathedral and Offer Prayer's For Pontiff's Recovery.**

Rome, April 9.—Pope Pius' fever returned this afternoon and his condition was regarded as slightly more critical.

Rome, April 9.—The progress of the kidney affection of Bright's disease from which Pope Pius is suffering is greatly interfering with his respiration, it was learned this afternoon the pontiff ceaselessly pleads with his physicians to allow his sisters, Maria and Anna, to remain constantly at his bedside. His request so far has not been granted.

Pope Pius was without fever early today, but the heart weakness noticed by Dr. Ettore Marchiafava, chief of the papal physicians, had increased alarmingly. The pontiff's condition gave gravest concern.

Signoras Maria and Anna Sarto, sisters of the Pope, were at his bedside for three hours from 7 to 10 o'clock this morning and Angelo Sarto, his brother, has been summoned by wire.

Many of the pilgrims from America and other far countries had expected to be received in audience by the Pope today, and when they were informed from the Vatican that all audiences had been postponed indefinitely, they at once proposed the prayer for the the pontiff's recovery, at St. Peters. All of the 4,000 pilgrims now in Rome, those who had seen the pope in the few days last week on which he resumed his audiences, joined with the others, and the ancient Cathedral presented an impressive scene.

Pope Pius passed a fairly restful night. Dr. Marchiafava and Dr. Amici made frequent visits to the Vatican through the night, and at midnight said the pontiff's temperature was slightly above 100. This occasioned no especial alarm, and did not prevent the patient from getting considerable sleep.

On the doctor's first visit today they found the pope's fever entirely allayed, but the heart action was more depressed than last night, and it is this symptom that gives the most alarm.

The only official statement regarding the pope's condition issued from the Vatican by Cardinal Merry del Val was:

"The Pope is suffering from a relapse of the influenza."

The statement of Observators Romano, the official Vatican organ, was little more satisfactory It said.

"Since yesterday evening the Holy Father has been indisposed with a relapse of influenza. His condition is causing no anxiety but he requires much rest."

It was learned from most reliable sources, though, that Pope Pius is suffering from something more than influenza.

Pope Pius X, whose family name is Giussepe (Joseph) Sarto, was born June 2, 1835, at Riez, and was elected pope by the College of Cardinals upon the death of the late Pope Leo XIII in August, 1903.

His titles, besides his holiness, the pope, include the bishop of Rome and Vicar of Jesus Christ; successor of St. Peter, Prince of the Apostoles; Supreme Pontiff of the Universal Church; Patriarch of the West; Primate of Italy; Archbishop and Metropolitan of the Roman Province and Sovereign of the Temporal Dominions of the Holy Roman Church.

### SPRING EXAMINATIONS.

The State Board of Education has fixed upon April 24, 24 and 26 as the days upon which the spring examination of teachers will take place. All teachers will take notice and act accordingly.

Applicants are expected to furnish their own pens and ink.

### PROMINENT WOMEN COMING.

**Distinguished Speakers Will Address Meetings in Alexandria.**

A meeting of all the committees as well a sall women of Alexandria interested in club and social work will be held tomorrow morning at 10 o'clock at the residence of Mrs. Kate Waller Barrett for the purpose of completing plans for the meeting of the National Council of Women here next week At the conclusion of the meeting a meeting of the Women's Suffrage League will be held and very important business will be considered.

Delegates from practically every national women's organization in the United States will be present in Alexandria on April 17th and 18th. For the first time in the history of the organization a delegate of the National Federation of Women's Clubs will be present at the meeting an dthe affiliation of this organization with the National Council of Women is expected to be one of the most important matters discussed.

The meeting is called especially to decide what delegates shall be selected to represent the organization at the International Council of Women, of which the Countess of Aberdeen is president. The affair is essentially a business session. Lectures by prominent people have been aranged, however, one of the speakers being Miss Julia Lathrop, of the Children's Bureau of the Department of Labor.

Social affairs arranged include a reception by President and Mrs. Wilson, in honor of the delegates, at the White House, April 18th This is regarded as a high honor by representatives of the council, since it will be the first social affair of the kind ever given by Mrs. Wilson.

The number of delegates will not be large—probably les than 100 will be present, it is said, but the fact that they represent every woman's organization of national importance, makes the meeting one of the most important that has been held here.

The National Council is one with representatives of all the large foreign national councils. The nations represented in the International council of Women include Canada, Germany, Sweden, Great Britain, and Ireland, Denmark, Netherlands, Australia, with five national organizations representing the different sections of the country; Italy, France, Argentina, Austria, Hungary, Norway, Belgium, Greece and Bulgaria.

### LONG DELAY IN DECISION.

**Settlement of Council Cases Will Not be Made Until Winter.**

By the action of the Supreme Court of Appeals in granting a writ of error yesterday afternoon to Julian Y. Williams, as exclusively told in the Gazette yesterday, the long pending dispute in Alexandria's municipal body relative to the right of four members to hold their seats will be continued until the winter. The Supreme Court has adjourned until June and as there are a large number of cases which have precedence over the Williams case a final decision is not expected until the latter part of this year. Mr. Williams will continue to occupy his seat pending the settlement of the case.

### INCIDENTS IN DOG WAR.

**Persons Charged With Allowing Unmuzzled Dogs to Run at Large, And Interfering With Officer.**

A colored woman was fined $5 in the Police Court this morning for allowing her dog to roam the streets without having a muzzle on its head, as provided by law. Two other delinquents forfeited their collateral by failing to appear.

One case caused considerable excitement in the southwestern section of the city, and two men had the charge of interfering with an officer in the discharge of his duty preferred against them. They were fined $5 each.

Twelve canines were netted yesterday.

### SEASON OPENS TOMORROW.

Tomorrow afternoon will be almost a holiday in Alexandria, on account of the absence of many business and professional men who will go to Washington to witness the opening of the baseball season. Among the interested spectators will be Mayor Thomas A. Fisher, who will be accompanied by a party of friends.

## WILSON WILL AGAIN VISIT THE CAPITOL

### Invites Democratic Members of Finance Committee to Confer.

### TARIFF BILL PROBLEM

**Congressmen Anxious For Another Interchange of Opinion on This Measure.**

Washington, April 9.—President Wilson will go to the capitol again this afternoon. He has invited the Democratic members of the Senate Finance Committee to confer with him in the President's room at three o'clock. At that time the tariff bill situation so far as it affects the upper house will be thoroughly canvassed.

The President took the initiative in the matter. The Democratic members of the Finance committee who conferred with him at the executive offices on Monday morning have been anxious for another conference to discuss the tariff bill, the manner of handling it, and whether it should be divided into sections. The members were unable to agree on a time when all could be present. So President Wilson himself acted. As soon as the President reached his office today he sent for Secretary Tumulty and told him to invite the majority members of the Senate Finance Committee to meet him this afternoon.

Tumulty asked whether the conference would take place in the executive offices. The President said it would probably be impossible for all to come to the White House, but that he himself could go to the capitol. He then announced the conference for the President's room in the capitol at 3 o'clock this afternoon.

### STRIKE IN BUFFALO.

**Mounted Scouts Atacked—Protests Against Calling Out Militia.**

Buffalo, N. Y., April 9.—Sergeant R. Ward Ruhl, 74th regiment, commanding a troop of a dozen special mounted scouts, was fired upon by one o fa gang of men at Niagara and Tonawanda streets, shortly after 11 o'clock today. The soldiers gave chase but were unable to find out who fired the shot, Orders have been issued from brigade headquarters by Gen. Welch to shoot in case any man is seen to pick up a stone.

An urgent protest against the calling out of the militia, which today is guarding all the power plants and car barns of the street railway company, was telegraphed early today to Governor Sulzer by W. B. Fitgerald, leader of the 2,000 conductors and motormen on strike.

Three regiments of milltia were ordered out by Brigadier General Samuel M. Welch in response to the order of Supreme Court Justice Charles H. Brown, calling on him for troops to protect property and suppress riots.

The attempt of the company to operate cars with strike breakers aroused the strikers and disturbances were general yesterday throughout the city. The men are in a dangerous mood and serious trouble is feared. Efforts of the city authorities to get the company officials to consider arbitration of the the differences failed. The company is relying on the militia to aid its fight against the union and enable it to run cars ith strike-breaker crews.

No cars have been started from any other barn up to 12:15 this afternoon. The failure to start cars, as announced, was attributed to the closing of the power houses when the men employed there deserted their posts.

**Bank And Stores Burn.**

Madison, Wis., April 9.—A fire which threatened the heart of the business district started in Madison shortly after six a. m., today. The Capital City Bank and the Plymouth Clothing Company's stores have been burned.

### LOCAL BREVITIES.

H. Kirk & Son have purchased one of the black horses which were to have been purchased by the city if suitable for the purpose of doing the heavy work demanded of the engine horses, which makes it necessary now for Dr. Garvey to seek another team for the Columbia fire engine Company.

At a meeting of the committees of Potomac, Sarepta and Falls Church Lodges of Odd Fellows to be held here tonight arrangements will be made for the reception to be tendered the grand master of Virginia on April 16th.

Washington Memorial Lodge of Perfection, No. 7, will confer the Scottish Rite Masonic degrees from the fourth to the fourteenth at a meeting to be held Friday night.

Mr. F. F. Marbury has been appointed a notary public for Alexandria by Governor Mann. His term will expire in 1917.

### ACCUSED DISMISED.

**Young Husband Charged With Abandoning Wife After Three Days' Honeymoon.**

Among the cases in the Police Court this morning was that of John Hansborough, who was charged by his wife, Hannah Hansborough, with failing to support her. According to the testimony of the complainant (nee Miss Hannah Hall) Hansborough deserted her three days after their wedding and is not providing for her maintenance, her mother being compelled to take care of her.

After a statement had been made by the accused Justice Caton dismissed Hansborough, deciding in doing so that the young wife was not in a necessitous condition from the fact that she was provided for by her mother.

### NEW CHAPTER O. E. S.

New Chapter of the Order of Eastern Star will be instituted at Ballston tomorrow night and Falls Church Friday night and the work will be performed by Martha Washington Chapter o fthis city at the request of the Grand Worthy Patron of Virginia. The Alexandria order will leave here on special cars at 6:40 p. m.

### RUNAWAY.

A horse attached to a wagon belonging to the National Biscuit Company ran away at the intersection of King and St Asaph streets yesterday evening. The frightened animal ran on the sidewalk in front of the Citizens' National Bank, where it fell and overturned the vehicle. The horse was securedand led to a nearby stable. No one was hurt by the runaway, although a number of persons were in the vicinity at the time.

### PLEADS GUILTY.

**Sentenced to Six Months in Jail at Hard Labor.**

Allentown, Pa., April 9.—Samuel Sinclair, Jr., of Kennet Square, Pa., son of a prominent Chester county family, today pleaded guilty to a charge of aggravated assault and battery in connection with the kidnaping of Miss Ada E. Seeckler, last January. Sinclair was sentenced to six months at hard labor in the Lehigh Valley jail, fined $300 and the costs of the prosecution.

R. Walter Starr, Jr., son of a well known Philadelphia physician and cousin of Sinclair, pleaded guilty to the charge of assault and battery. He escaped with a fine of $25

Previous to the trial a conference between District Attorney Rupp, counsel for the defense, and the father of the kidnaped girl, it was agred to drop the kidnaping charge Judge Heydt of Carbon county court had pronounced sentence, Judge Trexler, of Allentown being a personal friend of Miss Steckler's father.

**Still Besieging Scutari.**

Cettinje, April 9.—The gravity of the Austrian-Montenegrin situation was not lessened today. The Servian and Montenegrin armies were still besieging Scutari, making daily threats of another assault, and the international blockade of Antivari is being maintained.

Should the British admiral fulfill his threat to land marines on Montenegrin soil, it is feared that a real war might result.

## JUSTICE LUSH IS A MARKED MAN

### Receives Letter Threatening Him With Death for Sentencing Suffragette.

### SCOTLAND YARD BUSY

**Miss Emerson Secreted in Private Hospital—Mrs. Pankhurst Still on Hunger Strike.**

London, April 9.—An anonymous letter threatening him with death was today received by Justice Sir Charles Montague Lush, the magistrate who on last Friday, at Old Bailey sentenced Mrs. Emmeline Pankhurst, militant suffragette leader, to three years in prison.

Scotland Yard immediately began an investigation as it was not doubted that letter came from the militants. Sir Charles was accompanied everywhere today by a husky body guard. Even when he was on the bench the guardian was but a few feet away.

Outwardly the magistrate apparently took the matter as a joke, but the police would not be astonished if some radical suffragette at almost any time should make an attempt on some public man.

London, April 9.—Mrs. Zelie Emerson, the Michigan suffragette, said to be broken in health by two months in Holloway jail, was hidden today in the maze of London's private hospitals, following her release last night.

Women at the headquarters of the Women's Social and Political Union were made doubly reticent by the police statement that Sir Charles Lush, the magistrate, who sentenced Mrs. Pankhurst, had received a letter threatening his life, and by the arrest of Miss Annie Kenney, their leader, in the absence of Mrs. Pankhurst. They refused to give any clue to Miss Emerson's whereabouts. They said, though, that Mrs. Emerson, mother of the girl, was on guard at the door of the hospital where Miss Emerson was being cared for, and would frustrate all attempts to see the suffragette were her hiding place discovered.

On the sixth day in Holloway jail, Mrs. Emmeline Pankhurst today was still on hunger strike, and the home office was authority for a statement that no attempt had been made forcibly to feed her and that she is not in a serious condition.

**Will Not Interfere With Rights.**

Washington, April 9.—President Wilson today told Representative Baker of the First California district, that the Federal government has no desire to interfere in any question which seems to involve one of state's rights. This statement by the President followed a conference with Raker on the legislation now impending in the California legislature which would prohibit aliens from owning land. The President urged the representative as he had already urged Senator Works of California, to use his influence to have the legislation so drafted that it will in no way interfere with pending treaty obligations. The President was emphatic in explaining to his caller that he believed California could be trusted to settle any proposition within its territory in a manner that would provide justice to all.

After leaving the President, Representative Raker conferred with Secretary of State Bryan.

## CARDINALS ARE PRAISED.

### Business High School Team Extends Thanks for Treatment.

The following letter from Paul A. White, coach of the Business High School baseball team to Captain Cockrell of the Cardinals, is self explanatory:

"I want to extend to you and your team and President of the Club, the thanks of the Business High School Baseball team for the enjoyable banquet which we enjoyed after the game Saturday. Your treatment of our team shows a fine sportman like spirit existent in the leaders of your club and amongst the players, and we do not want to let the event pass without expressing our appreciation.

"We will not soon forget your personal reversal of the Umpire's decision on the fly ball that he called 'fair,' when that act robbed you of needed runs that is all too lacking in sport, ness that is all too lacking in sport, and is needed by lads of High School age.

"We enjoyed the 'feed' in the fullest sense an dthe boys wound it up by giving a rousing yell for the Alexandria Cardinals that would have done you good to near.

# CONFERENCE ADJOURNS.

### Rev. C. R. Strausburg Returned to Methodist Protestant Church in This City

The fifty-eight annual session of the Maryland Conference, Methodist Protestant Church, which had been in session at First Chruch in Lynchburg since Tuesday, adjourned yesterday afternoon to meet next year at Milford, Delaware.

The conference appointments provided for more than the usual number of pastoral changes, some of them being of rather a surprising nature.

The closing session yesterday was a long and busy one. The Church Extension Society, with Dr. J. L. Mills, presiding, elected officers as follows: President, J. L. Mills; vice-presidents, J. E. Maloy and B. F. Rhuly; secretary, C. R. Strausburg; treasurer, W. W. Smith; board of managers, J. M. Sheridan, J. S. Bowers, T. O. Crouse, G. I. Humphries, W W. Smith, J. M. Gilbert, J. Bibb Mills and James H. Roberts.

The church extension committee reported the separation of the two Lynchburg charges, which was adopted.

E. H. Jones, conference steward, made his financial report to the conference, as follows:

Preachers' salaries, $100,201; parsonage rent, $22,867; current expense, $43,224; Sunday school expenses, $20,-732; building and improvements, $58,-095; paid on debts, $26,056; mission purposes, $21,069; total for local interests $287,244 Grand total $319,-144.

Estimates for all purposes for 1913 were: President, $3,085; conference, $474, ministerial education, $598; seminary, $1,821; college, $1,446; superannuate, $1, 821; college, $1,446 superan-606; home misisons, $2,506; foreign mission, $2,741; church home, $1,516; Bible cause, $88; tract cause, $156; special for missions, $7,700. Amelia, W. V. Munford.

Rev. C. R. Strausburg was re-appointed to the church in Alexandria.

## CLEAN UP CRUSADE.

### Police and Health Department Aided by Boy Scouts.

Chief of Police Goods and his officers are working hard in the effort to make Alexandria one of the cleanest of cities. Under the direction of the Health Department the work of cleaning up premises is progressing favorably, large quantities of rubbish is being hauled away from premises, being accumulations taken from cellars and back yards.

The Boy Scouts of Alexandria visited the Health Department yesterday and signified their willingness to coperate with the health department of the work of cleaning up the city. They will also take an active part in the fly crusade which the health department is to institute, beginning next week.

The department wishes to remind the people of Alexandria that any complaints made to health officials must be in writing.

# PASSING OF THE WAR CLOUD

### Forty-eighth Anniversary of Surrender of Army of Northern Virginia

There was excitement in Alexandria forty-eight years ago today, as well as throughout the country, by the announcement of the surrender of the Army of Northern Virginia commanded by General Robeft E. Lee, and the virtual neding of the four years' civil strife. The news was received in Alexandria during the morning, and there was a rush towards bells of the city and but little else was heard during the day but their clamor and the booming of cannon.

The nethusiasm of the federals and their sympathizers was not generally of an offensive nature towards the friends of the late Southern Confederacy, but, in the main, expressions of pleasure that the dark clouds which had hovered over the land for four years had broken at last and that the silver lining was visible.

Five days later (on the 14th) there was a parade in Alexandria, in which all of the federal soldiers in this city and vicinity participated. Trades were also represented and the pageant was doubtless the longest ever witnessed in Alexandria. An illumination followed at night. Next day the news that President Lincoln had been killed in the National Theatre in Washington suddenly brought crape into requisition, and the joy of the preceding day was turned into sorrow.

## FIRED AT BURGLAR.

An attempt to break into the Mahoneyville distillery about midnight was frustrated by the watchman, who heard the burglars in their attempt to force the door with a crowbar and emptied both barrels of his shot gun at the men from a window. In their flight the thieves left behind the crowbar which they had attempted to force the window. It is not known whether any of the shots took effect.

## ARM BROKEN.

J. Howard Morris, manager of Armour & Co., had his arm broken below the elbow yesterday, by a kick from one of the engine horses of the Columbia Steam Fire Engine Company. Mr. Morris was at the engine house, and happened to pass too close to the animal .

## FILES CROSS BILL.

The matrimonial difficulties of William E. Cumberland and his wife, Lucy Cumberland, who lived together just two weeks from the day of their marriage, were further complicated yesterday by the husband filing in the Supreme Court of the District of Columbia a cross-bill, in which he asks for an absolute divorce on statutory grounds, naming a correspondent. On March 24th last, Mrs. Cumberland sued for a divorce, alleging improper conduct and naming a correspondent. The couple were married in Alexandria November 10, 1910. Cumberland alleges that his wife left him on November 24th following.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We can give you a trial size bottle for 25 cents that will be enough to prove it.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee:—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

# NEWS OF THE OLD DOMINION.

## WILL REMOVE LEE'S BODY.

**Hero to be Brought to Virginia And Buried at Lexington.**

Despite the protest of the Georgia patriotic societies and the Georgia Legislature, the remains of "Light Horse Harry" Lee, father of General Robert E. Lee, the Confederate military chieftain, which have laid in Cumberland Island, in Georgia, for nearly a century, will be removed to Virginia in May and placed in the Lee chapel mausoleum of the Washington and Lee University, at Lexington, beside the body of his son.

Hugh A. White, of Lexington, a member of the Virginia General Assembly, who was commissioned by that body to arrange for the burial of General Lee in his native state, was in Washington yesterday and announced that arrangements had just been completed for the transfer of the body of this Revolutionary hero to Lexington. Mr. White called upon Vice-President Thomas R. Marshall and invited him to deliver the address when the body is reinterred at Lexington. The Vice-President will accept, if possible, but gave Mr. White no definite promise.

For years efforts have been made by Virginians to bring to that state for final burial the remains of "Light Hore Harry" Lee. Georgia has steadfastly refused to give up the body. When the Virginia Legislature authorized Mr. White to take up the work he found the opposition in Georgia very strong. He went to Mrs. Carnegie, a cousin of the steel king and owner of Cumberland, and obtained her consent for the removal of the body. Mr. White then obtained the approval of all living descendants of General Lee.

General Lee died at the home of General Greene, near Savannah, in 1816, while on his way from Bermuda to Virginia. Owing to the lack of transportation facilities the body was buried in Georgia. The grave is well cared for by the Georgia patriotic societies.

## PAINTER FATALLY INJURED.

**Richmond Man Dies as Result of Fractured Skull.**

Roanoke, Va., April 9.—George W. Payne; a painter, well known in Roanoke, where he has worked much of his time for the past fifteen or twenty years, died Monday night at a local hospital as a result of a fractured skull sustained when he fell from a one-story kitchen in the rear of a two-story frame house, at 130, Salem Avenue, S. W., Monday

Payne was working on the building with several other workmen engaged in applying a new coat of paint. No one saw him when he fell and it is not known how the accident occurred. He was found unconscious with a fracture on the left side of his forehead.

**Woman Killed by Automobile.**

Norfolk, Va., April 9.—Police are searching for "Bud" Longworth, who was driving an automobile belonging to C. A. Winfrey, proprietor of the Gladstone Hotel, when the machine ran over Mrs. C. Fitgerald, causing her death.

Mrs. Fitgerald was about 25 years of age and came from Richmond a short time ago. She was the mother of four children, two are in Richmond, another one in Portsmouth with relatives and a ten-months-old baby here. Fitzgerald arrived yesterday evening to take charge of his wife's body, which will probably be forwarded to Richmond.

## ECHO OF READJUSTER DAYS.

**Senator Charges Accuser With Bribery in Virginia.**

Albany, April 9.—The senate judiciary committee investigation of the Kendall charges of extortion against Stephen J Stiwell, of the Bronx, was halted almost as soon as it began a day or two ago by the receipt of a letter from a Chicago man charging that Mr. Kendall had been implicated in another bribery case in Virginia.

Mr. Kendall was to have been the first witness, and Edgar R. Wilson, chief counsel for Senator Stillwell, did not want him to get away from the witness stand before being cross-examined as to the truth of the statements contained in the Chicago letter. A committee adjourned until today without taking any testimony.

The letter which put a crimp in the proceedings came from a Chicago newspaper man, who said Mr. Kendall had been arrested in Virginia on a charge of having offered a bribe to a State legislator for doing something for the New York Banknote Company, of which Mr. Kendall is president. Mr. Kendall later in the day gave out a statement denying the story of the arrest. He said there had been trouble over an engraving contract for the State of Virginia, an dthat after examination by a judge, he had been "honorably discharged," the judge making the statement that it was "the American Banknote Company that had given a bribe."

Richmond, April 9.—The Virginia bribery charges in which Mr. Kendall, of New York, was involved in Virginia hark back to the days of the Readjusters—back in the early eighties.

The engraving of the bonds issued by the Readjusters during their regime in this state caused a scandal of some proportions, which was investigated in a perfunctory way. The American Banknote Company is said to have been involved in a way, and Senator Kendall is also remembered as having figured in the affair to some extent.

The affair occurred so long ago that the details are not now remembered by those who have followed the political affairs of the State for years.

## HEAVY SNOW IN VIRGINIA.

Bristol, Va., April 8.—That portion of Virginia between Elliston and Rural Retreat embracing the Blue Ridge Mountains experienced a heavy snow storm during yesterday morning.

Trainmen arriving here yesterday stated that the snow was nearly 3 inches deep between Christiansburg and Rural Retreat.

It is feared that much fruit has been damaged in some mountain sections of the state.

## COMMITS SUICIDE.

Richmond, Virginia, April 9th.—Despondent , it is supposed, over troubles which he never discussed with his friends, James Kain, thirty-one years old, proprietor since the death of his father some months ago of the saloon at 19 West Broad street, committed suicide monday evening in his home at 2308 Floyd avenue by shooting himself through the heart with a thirty-two calibre revolver.

## RADIUM FOUND IN SPRINGS

**Precious Metal Said to Flow From Gushing Water.**

Richmond, April 9.—Radium existing in such quantities that the precious metal can autually be measured in Mache units has been discovered in the source of White Sulphur springs, according to a statement issued by Decatur Axell, vice president of the Chesapeakeand Ohio Railroad.

Dr. George D. Kahlo, the medical director at the famous resort, made the discovery, and Mr. Axtell, who is in charge of the company in direct control of the springs, had Dr. Froehling, of Froehling & Robertson, the Richmond expert analysis, to make a further test of the water. Dr. Froehling confirms the report of Dr. Kahlo stating that the water from the springs has marked radio-activity.

The Mache units used in measuring radium, bear the same relation to that mineral as kilowatts to electricity, and the presence of the precious mineral in such quantities that it can be measured by this system is assurance of the great medicinal value of the water. Radio-active water, according to the investigations of eminent specialists, will prolong life by softening the arteries and retarding the natural processes of decay and decline of the human organism.

The Chesapeake and Ohio, which owns the White Sulphur springs property, has recently left contracts for extensive improvements at the resort whic hembrace the erection of a handsome one whotel, etc. With the discovery that the waters already known far and wide for their medicinal virtue are radio-active, there is promise that the springs will become world-famous.

## DIED FROM CUTTING BUNION.

**Petersburg Man Sucumbs to Lockjaw After Trimming Toe.**

Petersburg, Va., April 9.—George W. Harris, respected citizen, 72 years old, died of tetanus Sunday in the Virginia Hospital, in Richmond.

Recently Mr. Harris trimmed a burion on his foot with a razor and probably cut too close. The bunion subsequently caused him much suffering. Later tetanus developed.

Mr. Harris is survived by a widow, one son, K.W.Harris, and two daughters, Mrs. J. A. Emory, of Petersburg, and Mrs. W. W. Warren, of Southampton county.

**Coal Rates Attacked.**

Bristol, Va.Tenn. April 9.—The High Point Ice and Fuel Company and others against the Carolina, Clinchfield and Ohio Railway and others is the style of a suit filed before the Inter-State Commerce Commission seeking an adjustment of the coal rates as between the Coal Creek fields in Tennesse an dthe coal fields of southewestern Virginia. This suit attacks the reasonableness of the coal rates from the Virginia fields into the Carolinas, Georgia, Florida and other Southern States and asks that the differential of 10 cents on the ton in favor of the Virginia fields over the Tennessee fields be removed. Tennessee operators contend that the difference in favor of the Virginia fields is not fair to them. The suit also seeks to have the same rate established from the coal territory entered by the Norfolk and Western and the Chesapeake and Ohio Railways in so far as their shipments south are concerned .

## WILSON MAKES DEEP IMPRESSION.

Whatever may have been the preconceived misgivings of those who were fearful of the action of President Wilson in appearing before Congress yesterday and delivering his message in person, in this way, reviving a custom that has lain dormant for over a hundred years, they were dispelled by the deep impression not only made upon those who witnessed the revival of the practices of Washington and Adams but upon the country at large. The attention of the world was focused on the capitol yesterday and in consequence the significant words of the President calling the attention of Congress to the need of tariff revision have been more widely disseminated that those of any other message.

The message was brief, only requiring eight minutes for its delivery, and its brevity also appealed to the nation. A well known gentleman of Alexandria stated today that it was the first presidential message he had ever read and it was probably the first message that many people read in its entiety.

Whatever differences of opinion there may be as to the manner of its presentation to Congress there can be no criticism of the message as an effective appeal for the people against the special privileges and artificial advantages which have grown up under our present tariff system.

The following quotation expresses much of the sentiment that pervades the entire document.

"For a long time—a time so long that the men now active in public policy hardly remember the conditions that preceded it—we have sought in our tariff schedules to give each group of manufacturers or producers what they themselves thought they needed in order to maintain a practically exclusive market as against the rest of the world. Consciously or unconsciously, we have built up a set of privileges and exemptions from competition behind which it was easy, by any, even the crudest, form of combination to organize monopoly; until at last nothing is normal, nothing is obliged to stand the tests of efficiency and economy, in our world of big business, but everything thrives by concerted arrangement. Only new principles of action will save us from a final hard crystallization of monopoly and a complete loss of the influence that quicken enterprise and keep independent energy alive."

Democrats of every shade of views on the tariff will be able to adopt the message as their own and can work in harmony with it. It will meet all of their views without bringing any troublesome complications.

## MARVELS OF THE TWENTIEH CENTURY.

Governor Mann, reclining comfortably in the east room rocker in the executive mansion in Richmond will make a speech to a dinner party in Baltimore this evening.

In Baltimore at 7 o'clock this evening 350 employes of the Chesapeake and Potomac Telephone Company will sit down to enjoy the annual banquet of the Telephone Society of Baltimore. Before each diner will stand an individual telephone receiver hooked up to a common long distance trunk.

When the dinner shall have been duly discussed and cigars lighted, the toastmaster will arise and say:

"Gentlemen, we have with us in Richmond tonight, one who needs no introduction to a Baltimore audience," etc., which will be Governor Mann's cue. He will lean back in the east room rocker and deliver a speech about 175 miles away from the festive scenes. The diners, with their individual receivers at their ears, will hear the speech as distiently as if the Governor were in the banquet hall.

## ALEXANDRIA TRADES COUNCIL.

**Well Atended Meeting—Election of Delegates Postponed.**

A well attended meeting of the Alexandria Trades Council held Monday night in the rooms of the organization in the Alexandria National Bank building. Representatives were present from the following organizations:Glass blowers, carpenters, machinists, painters, paperhangers, brewery workmen, bottlers, car workers, blacksmiths, stationery firemen, and bakery and confectionery workers.

Credentials were received from the bakers' union for the following new delegates: L. G. Doan, Samuel Mills, Jacob Harrison, Howard Harrison, and Walter Harrison.

The call for the eighteenth annual convention of the Virginia Federation of Labor to meet in Danville, June 3rd, was read. The election of delegates was postponed until the next meeting of the council.

A letter received by Mayor Fisher from the Mayor of Akron, O., with reference to labor conditions in the rubber industry in that city and which was published in the Gazette a few days ago, was read, and provoked considerable discussion.

Many of the delegates present expressed doubts as to the truth of the statements contained in the letter, and on motion of one of them the secretary was instructed to communicate with the Central Labor Union of Akron and ascertain the facts with regard to the case.

The committee appointed at the last meeting to ask for a hearing before the City Council on the erection of a new school building reported that similar committee had been appointed from fifteen organiations already, and that it was expected that committees from several other organizations would be appointed this week. A hearing before the joint committee on finance and schools would be arranged for in a few days.

### Finds Mesh Bag.

Baltimore, Md., April 9.—Miss Helen Taft, who has been visiting Miss Emerson Lamb in this city for a week, departed today with a handsome silver mesh bag lost since Sunday.

At church Miss Taft missed the bag, which was the parting gift of girl friends in Washington. She did not tell the police, but later visited the Emmanuel hurch sexton and was overjoyed when he handed it to her.

### Mrs. McCormick Out of Danger.

Chicago, April 9.—Mrs. Medill McCormick, daughter of the late U. S. Senator Mark A. Hanna, of Ohio, who collapsed while urging 300 department tsore girls to organize to obtain better wages, was reported today to be out of danger, but under the care of a physician.

Though she is the mother of a five weeks old child, Mrs. McCormick took part in a meeting last night with a number of prominent social workers. She was telling the girls that it was impossible to get publicity for their work of organization beeause the Chicago newspapers she charged, were dominated by the advertisers, when she fainted.

Miss Mary McDowell, co-worker of Jane Adams, caught Mrs. McCormick in her arms. She was carried to the front of the hall and a score of young girl workers gave their coats to form a cot for her on the bare floor. Physicians worked over her for fifteen minutes before she revived.

New York.—Ernest Submeyer, serving three months for vagrancy, fell heir to $6,333. Now he is applying for release.

## SMILES.

By The Second Ward Bard.

ACROSS THE CREEK.

Green is the grass and the growing wheat,
Arbutus is blooming and fragrantly sweet,
You'll find folks hearts quite lightly beat,
Across the creek.

It's just plain country over there,
And the farms are fertile and passing fair,
They seem to have less than their share of care,
Across the creek.

The dairy herds in the pastures graze
From morning's dawn to twilight haze,
Through the suns and showers of these April days,
Across the creek.

They're plowing the land for the crop of corn,
And the song-birds sing in the spring's warm morn,
It's the place to go if you're tired or worn,
Across the creek.

If the Prince of Wales is George's son, is Councilman J. T. Harrison?

If a member of City Council talked himself to death, would Clerk D. R. Stansbury him?

The fight for the postmastership seems to be lagging terribly. Can' somebody kick up some excitement over it?

Those girls are at it again. Major Sylvester had one officer on the avenue for every marcher, and we imagine that they had definite orders this time, all right.

A National Biscuit Company wagon was overturned on St. Asaph St. yesterday. A Uneeda Biscuit was serously, but not fatally, injured.

## HOLD FAMILY REUNION.

**Professor And Mrs. Olson Will Continue to Live Together.**

Minneapolis, Minn., April 9.—Professor Oscar Olson, found "not guilty" of the murder of Cylde Darling, on an unwritten law plea, together with his wife and daughter, held a family reunion in the home of his aged mother in Monteveido, Minn., today. They will continue to live together. Professor Olson issued the following statement today:

"I am satisfied with the trial. I could not have expected more in the way of a verdict. Mrs. Olson and I wish to thank the public press and the general public for the fair consideration we have received and wish that an understanding public will permit us to resume our home relations in peace and happiness. In so far as we are concerned the case is absolutely closed and sealed."

Mrs. Olson waiting in her home threw herself in the arms of her husband as he rushed up the path last night after his acquittal. Little Jean, the 4-year-old daughter, in stocking feet, tugged at the hands of a friend of the family, while the father and mother were locked in a close embrace.

"I want to go to papa," she said.

At her call the professor released his wife and dropped to his knees.

"My baby girl!" he cried while tears ran down his cheeks.

The front door closed slowly and the little family reunited, shut themselves off from the eyes of a curious throngoutside the gate

The University of Minnesota authorities have refused to accept the professor's resignation and he may resume his former work It is thought, however, that he will go to newfields.

### Steamer Collides With Bark.

Vineyard Haven, Conn., April 9.—The Merchants and Miners steamer Nantucket, bound from Boston to Baltimore with 28 passengers, is lying off Cross Ripp Lightship in a badly damaged condition,according to a report received here today. The steamer collided with a barge.

### Lipton's Challenge.

New York, April 9.—Thomas Lipton's "unconditional" challenge for a race for America's cup is not likely to be accepted without argument by the New York Yacht Club according to the opinion of experts here today. The distinguished Irish-British challenge has a string to it, it is pointed out, that does not appear on the wrapper. Sir Thomas has cabled that he withdrew all restrictions and looked forward to a great race with his "75-footer."

New York.—New York policemen who donned dres uniforms two days ago are shivering on their posts from exposure. Several have been made ill by bleated winter weather.

NEWS OF THE DAY.

Former Common Pleas Judge Fred L. Taft, a cousin of ex-President William Howard Taft, and member of a prominent local firm of lawyers died in Cleveland, O., last night of paralysis after a brief illness.

Failure has overtaken the German Arctic expedition under Lieutenant Schroder-Stranz. Most of the members are believed to have died on the ice from exposure of scurvy, and the commander-in-chief is missing. Four of the men have succeeded in returning to Advent Bay, Spitzbergen, and two others are probably safe at Treurenburg Bay. The aviator and the cook died from starvation. Nothing has been heard from Lieutenant Schroeder-Stranz since he started on a sledge expedition alone in August last year.

Miss Zelie Emerson, a suffragette, of Jackson, Mich., was released from Holloway jail, London, last night. She was taken by her mother to a nursing home, where she will be given medical treatment. Mrs. Emerson feels grave anxiety for her daughter's condition, and will not permit her to see any one.

The jury in the case of Prof. Oscar M. Olson, formerly of the University of Minnesota farm school, charged with the murder of Clyde N. Darling, alleged wrecker of the Olson home, at St. Paul, Minn., returned a verdict of not guilty at 8 o'clock last night.

When Connecticut yesterday ratified the constitutional amendment for the direct election of senators, 36 states had taken affirmative action. As soon as that number has been certified to the State Department and Secretary Bryan issues his proclamation, this latest innovation will become a part of the organic law. This will be the simple line to apply the new conditions to the 32 senators to be chosen for terms beginning March 4, 1915. Thus far, only 21 states have certified ratification, but the balance are now expected to be more expeditious in transmitting official information to the State Department.

When a bomb exploded in an East Side New York tenement last night a razor in the hand of a barber slashed a man's throat and a 9-foot mirror fell from the wall and landed on the head of another customer. The barber fell to the floor stunned. Twenty families fled from the house by way of fire escapes, when the front lower stairway was demolished. Nearly 60 bombs have been set off in New York streets since the first of the year.

In the sight of scores of persons on Point Loma, Cal., who were watching the flight, a hydroaeroplane containing Lieut Chandler and Lieut. Lewis H. Brererton, of the coast artillery corps, became suddenly disabled yesterday and plunged a distance of 100 feet into the waters of the bay. Boats put out from Fort Rosecrans immediately to the rescue. When Lieut. Chandler was taken from under the wreckage of the machine he was dead. It is believed he was killed instantly by being struck by some part of the mechanicism when the hydroaerplane hit the water.

Possible destruction of Naco, Sonora, Mexico, and the American town opposite was prevented at the close of a battle yesterday, when a carload of dynamite wrecked itself and exploded some distance out of Naco, Sonora. The car had been started down a grade by rebels, the aparent purpose being to destroy Ojeda's federal forces. A broken rail is supposed to have caused the car to leave the track. The explosion was felt for miles.

Roy J. Meyers, an Arizona inventor, gave a demonstration yesterday on the roof of a building in Baltimore of an invention, by means of which he claims to be able to draw electricity from the air, and with this furnish motive power capable of propelling any moving or stationary engine. Through a magnet placed on a madst electricity is gathered and sent by means of wires into a wired spool, and thence to the motor to be operated. It is claimed by the inventor that the discovery will revolutionize all electrical interests; that it will do away with the overhead wire, or third rail; may be used to propel automobiles; run stationary motors, or be used by the farmer in cultivating his fields. He declares it will also supply heat and light. He will exhibit his invention to the patent examiner at Washington.

The discovery of a chemical process which develops human cancer in healthy rabbits and guinea pigs and the resultant production of a serum by which rabbits have been rendered immune is announced by Dr. Howard W. Nowell, of Boston University School of Medicine. Dr. Nowell yesterday told of plans by which 600 cases of human cancer are to be inoculated with the serum. It will require two years to determine whether the serum will immunize a human cancer victim, upon whom an operation has been performed, from a recurrence of the growth.

TRUTHFUL REPORTS.

Alexandria Reads Them With Uncommon Interest.

An Alexandria citizen tells his experience in the following statement No better evidence than this can be had. The truthful reports of friends and neighbors is the best proof in the world. Read and be convinced.

C. N. Rauch, 223 N. Royal St., Alexandria, Va., says: "Not a sypmtom of kidney complaint has bothered me since I used Doan's Kidney Pills some years ago. This speaks well for the remedy. I feel that I owe it my continual praise. I was troubled by my kidneys for three years and I think continued lifting was the cause. I had to give up my work, but my back continued to bother me. Finally my kidneys began to annoy me. I doctored for a long while with one of the leading physicians in this city but he did not cure me. When I heard of Doan's Kidney Pilds. L got a box at Lead beater & Co.'s drug store. In a few days they relieved me and I continued taking them until I was well.'

Strikebreakers Rushed to Buffalo.

Buffalo, N. Y., April 9.— Strikebreakers were rushed to Buffalo by the street car companies yesterday in carload lots from all sections of the east, to take the places of the 2,000 motormen and conductors in the walkout. From Philadelphia 52 men were shipped in over the Lehigh Valley, a few dozen came from New York and Boston and 50 negroes, it is said, are on the way from Baltimore and Washington.

Only 15 street cars were in operation today, each guarded by policemen. Services on the surburban lines came to a complete halt and no determined attempt was made to start operation. The strikers dispatched motor-cycle scouts to all part of the city to report any attempt made to operate cars which imported strikebreakers. Everyone in the city had to walk.

THE WORK OF RELIEF.

Evansville, Ind., April 9.—"No vaccinantion, no rations," is the government's slogan in its relief work in the Ohio river flood from Lawrenceburg, Ind., to Cairo, Ill. A specially equipped steamer left Louisville today to fight the smallpox prevalent in a dozen flooded cities.

Chicago, Ill., April 9.—The steamer Illinois left here today under command of Adjutant General Dickerson, of Illinois, carrying supplies for the 800 refugees camped in the hills back of Shawneetown, Ill. Supplies will also be rushed to Pond Hill, Ullin Park, Hodges Park, and Pulaski, where several hundred are reported in need of food.

TRUSTEE'S SALE OF RESIDUE.

Trustee's sale of the residue of the "Belvoir" or "White House' tract of land located in Mt. Vernon Magisterial District, Fairfax County, Va., containing approximately 1100 acres with improvements.

By virtue of the authority vested in us by the will of Philip Otterback, deceased, and under decree of the Circuit Court of Fairfax county, Va., in the suit of Otterback vs. Bohrer, at its March term, 1913, the undersigned trustees will offer for sale at public auction, in front of the Royal Street entrance to the Market House in Alexandria, Virginia, at

12 O'CLOCK NOON, ON SATURDAY, THE 26th DAY OF APRIL, 1913,

the above described property.

This tract, the old home of Lord Fairfax and separated from George Washington's home at Mt. Vernon, by Dogue Creek, originally consisted of approximateely twenty-seven hundred (2,700)acres,of which 1,500 acres has been taken by the United States Government for a school of Equitation or Horsemanship. The balance between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber. It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by the old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink and is about four miles by road from Mt. Vernon. This property is one of the most historic in the section and would make a very desirable country estate because of its location and the opportunities afforded for fishing and shooting.

Terms of Sale:—One-third cash and residue in 3 equal annual payments at one, two and three years from the date of the confirmation of the sale with interest from the said date of the confirmation of sale at the rate of six per cent per annum, interest payable semi-annually, with right to anticipate the time of paying the deferred payments, secured by retention of title till paid.

Board of Aldermen.

At a regular meeting of the Board of Aldermen of the City of Alexandria, Va., held April 8, 1913, there were present:

F. F. Marbury, Esq., president; and Messrs. Hill, Brill, Ballenger, Ogden, Field, Fitzgerald and Summers.

An ordinance for imposing and collecting licenses within the City of Alexandria, Va., for the year commencing June 1, 1913, and ending May 31, 1914, was referred to the Committee on Finance.

An ordinance prescribing the width of the roadway or the distance between the curb lines of Princess street from its intersection with the roadway of Lee street, to the intersection of the roadway of Washington street, was referred to the Committe on Streets.

An ordinance authorizing Maury W. Gaines to construct and maintain a porch at 114 north Alfred street, was referred to the Committee on Streets.

A favorable report of the Committee on Streets on a petition of W. S. Nicklin for permission to erect a frame wing to his residence, 319 S Pitt street, was adopted.

A petition of sundry residents for an extension of gas mains to Gibbon street, between Henry and Patrick, was referred to the Committee on Light.

The Finance Committee made the following report on a resolution appropriating $10,000 for the erection of a combination engine house on the north side of Prince street, between Fairfax and Royal:

"Whereas at it is generally admitted that Council should in every possible way encourage our volunteer firemen and military forces of the city by the erection or suitable and pleasant buildings, yet, owing to many pressing claims upon the city at this time—

"Resolved that the within resolution be recommitted to the Finance Committee and the Committee on Fire Department for further consideration and report as soon as conditions justify it."

The report was adopted.

A bill of W. H. Demaine & Son. $162, for coffins for paupers, was ordered to be paid.

An unfavorable report of the Committee on Streets on a petition of sundry residents for the extension of a sewer to Columbus street, between Pendleton and Wythe was adopted.

A petition of H. D. Kirk, Jr., for permission to erect a garage in the rear of his premises, 308 North Columbus street, was received from the Common Council, that board having granted the same. The Alderman non-concurred in the action of the Common Council, and referred the petition to the Committee on Streets. The Common Council non-concurred in the action of the Aldermen and asked for a committee of conference. Messrs. Ogden and Ballenger were appointed on the part of this board. The committee reported in favor of the Aldermen receding from their action, and after amending the petition by providing that the consent of adjoining property owners be first obtained and a fire-proof roof placed upon the structure, the petition was granted.

A motion, made by Mr. Brill, that the Aldermen invite the Common Council to meet them in joint session for the purpose of electing Police Commissioners, School Trustees, was lost by the following vote: Ayes—Messrs, Hill. Brill and Fitzgerald—3. Noes, Messrs. Ballenger. Ogden, Field, Summers and Mr. President—5.

The following were received from the Common Council and their action concurred in:

Communication from H. D. Kirk Clerk of the School Board announcing certain vacancies in that Board.

Resolution for holding a joint session of Council at the next regular meeting for the election of School Trustees, Police Commissioners and Superintendent of Gas.

Petition of C. T. Goods, Chief of Police, for an increase of salary.

Resolution requesting a special committee to confer with officials of the Washington and Old Dominion Railway in regard to transportation facilities between Alexandria and the main line.

An ordinance to amend and re-enact an ordinance entitled "An ordinance to provide for the creation of the office of and the election of a Superintendent of Gas and to define his duties and powers," approved March 14, 1900.

The Board then adjourned.

At a regular meeting of the Common Council of the City of Alexandria, Va., held April 8, 1913, there were present R. D. Brumback, Esq., President; and Messrs. Leadbeater, Burke, Spinks, Smith, Williams, Birrell, Brockett, Harrison, Swan, Marshall and Bryan.

An ordinance to amend and re-enact an ordinance entitled "An ordinance to provide for the creation of the office of, and the election of, a Superintendent of Gas, and to define his duties and powers," approved March 14, 1900, was recommended by the Committee on Light, and read the first time, Section 1 was amended by striking out 1914 and inserting 1913—and the ordinance as amended, was read the second and third times and passed. Ayes, 12; noes, 0.

A petition from C. J. Goods, chief of police, for increase in salary was referred to the joint committee on Police and Finance.

A resolution by Mr. Birrell, requesting the special committee on Railroad rates to investigate the unsanitary conditions of the car service on the Old Dominion Railway, was adopted.

Permission was granted H. D. Kirk, Jr., to erect a corrugated iron shed 12 x 18 rear of No. 308 N. Columbus street, providing there was no objection from adjoining property owners. The petition was returned from the Board of Aldermen non-concurred in and referred to the Committee on Streets. Counell refused to recede from its previous action and Messrs. Birrell and Marshall were appointed a committee of conference. The Board of Aldermen returned the petition granted provided a fire-proof roof be constructed and consent of adjoining property owners be obtained. Council receded from its previous action and concurred in the action of the Board of Aldermen.

A report of the Finance Committee recommending that the resolution to erect a combination engine house on Prince street between Fairfax and Royal street be referred to the joint committee on finance and fire,as received from Board of Aldermen and their action concurred in. Ayes, 7, noes, 3.

A report of the Finance Committee recommending the payment of a bill from W. Demaine & Son. amounting to $162.00 was received from the Board of Aldermen and adopted. Ayes, 12; noes, 0.

The following was received from the Board of Aldermen and their action concurred in:

An ordinance for imposing and collecting licenses from June 1, 1913, to May 31, 1914.

Also—An ordinance to authorize M. W. Gaines to construct porch at No. 114 North Alfred street.

Also—An ordinance prescribing width of roadway on Princess street from Lee to Washington streets.

Also—A petition of property owners for extension of gas mains on Gibbon street between Henry and Patrick streets.

Also—A report of the Committee on Streets granting permission to W. S. Nicklin, 319 S. Pitt street, to erect two-story frame addition.

Also—An adverse report of the Committee on Streets for extension of sewer on N. Columbus street.

A communication from the Clerk of the School Board requesting Council to fill vacancies on the Board was received, and a resolution was adopted to hold a joint session at the next regular meeting for the purpose of electing school trustees, Police Commissioners and Superintendent of Gas.

The Board then adjourned.

Communication from City Engineer.

The Honorable City Council,
of Alexandria Va.,

Gentlemen:—

For your information I submit the following: In recent years we have repaved about fifty squares in a manner satisfactory to the property owners and meeting the requirements of modern traffic. The larger portion of this work is of a high class of paving on concrete base,and costing from $1.80 to $2.10 per square yard.

It looks,however, as if the demand for smooth roadways is far exceeding our financial ability to continue as a policy the laying of this high class pavement, and that most careful consideration should be given to make what money we have for repairing extend over greater area.

This can be done only by reducing the roadway area, or adopting a class of roadway paving of less first cost, or both.

The development of broken stone roadway, with an asphalt or coal tar filler commonly called bituminous McAdam, or bituminous concrete, has reached a stage that seems to insure conditions of reasonable cheapness and lasting qualities for medium class traffic especially when laid on a concrete base. Under ordinary conditions this pavement should be laid for about $1.10 per square yard.

With the above idea in view, and for your honorable consideration in deciding the class of paving to be used on various streets, I submit the following comparisons of cost.

In these statements it is assumed that granite curb and 2 1-2 ft. vitrified brick gutters and concrete base are used on both classes of paving, and both widths of streets, and are considered permanent, or that repairs to curb and gutters would be the same on both widths of streets. Also that the average first cost of higher class roadways, is $1.90 per square yard and that the average first cost of lower class roadways is $1.10 per square yards; that sum saved would bear 4½ per cent.compond interest,—semi-annually; that no credit is given in renewals for any old material removed, and that the saving in sweeping a 27-foot roadway is $16 per annum, which would also bear 4 1-2 per cent. componnd interest,—and that the cheaper class of road will require no repairs the first three years ,and that the comparisons are between the total costs.

I would also state that the general opinion seems to be that the bituminous pavements can be resurfaced annually for from four to five cents per square yard.

Comparisons.

1—40-ft. $1.90 paving and 40-ft, $1.10 paving—The saving on $1.10 paving would renew the roadway every 12 years, or give 4 2-10c per square yard per year for repairs, after first three years.

2—40-ft. $1.90 paving and 27 ft. $1.90 paving. The saving on the 27 foot roadway would renew the same every 14 years.

Even if sidewalks of 7 feet were put in the paving would renew the roadway every 19 years.

3.—40 ft. $1.90 paving and 27 ft. $1.10 paving. The saving will renew the roadway every five years, or give 11c per square yard per year for repairs after first three years.

Even if 7 foot side walks are constructed on 27 foot streets, the saving would renew the roadway every six years, or give 9c per square yard per year for repairs after 1st three years.

4.—27 ft. $1.90 paving and 27 ft. $1.10 paving. The saving on $1.10 paving would renew the roadway every 8 years or give 6c per square yard per year for repairs after three years.

5.—40 ft. $1.10 paving and 27 ft. $1.10 paving. The saving on 27 ft. streets would renew the roadway every 10 years or give 4 8-10 per cent. per square yard per year for repairs after three years. Or the 27 ft. street with 7 ft. sidewalks could be construcded for less money than the cost of 40 ft. street.

Other comparisons might be made and with paving of intermediate costs, but the above is sufficient to show the idea.

As yet the maintenance of our high class paving has been nominal, but it must be looked forward to,and it would seem that, if, by reducing the first cost, provided the traffic conditions are met, a saving is made that would be equivalent to a fund to insure annual repairs or renewals at intervals, the material and width of roadway should be decided by traffic consideration only, and where sentiment of contributing property owners compels a higher class paving or greater width roadway than location or traffic conditions warrant,that the increase cost be borne by them.

Very respectfully,
E. C. DUNN,
City Engineer.

HEAD CRUSHED BY TRAIN.

Danville, Va., April 9.—Tyree F. Ellis, a Southern Railway car repairer, aged forty-five years, married and with a family, met death in a horrible manner here yesterday afternoon, when seated beneath a box car working on it, a switch engine coupled up with the end of the train and drew it over his head

Ellis had been working on numbers of the cars durin gthe day, and at 4:30 o'clock it was thought by the engine cre wthat he had finished his work, at a short while previous to the accident he was seen to crawl away. A muffled cry told them of the accident, and when the train was stopped the men hurried back they found Ellis beneath the car with his head cut in two.

Foreman Shoots Himself.

Winchester, Va., April 9.—Antonio Valletti, quarry foreman at the J. E. Baker Company's lime works, near Bunker Hill, West Va., shot himself dead yesterday upon receiving a black hand letter from New York, demanding $200.

Girls Warned.

Chicago, April 9.—Prominent Chicago Social Workers, active in the work of organizing 13,000 girls and women employed in the State street department stores today issued warnings to the girls, that they must not cease their efforts to form an union because the big merchants are discussing plans for a million dollar working girls home.

Several girl clerks declared they were threatened with loss of positions if they had anything to do with the girls organization.

Marshall Returns Papers.

Washington, April 9.—Vice-President Marshall today returned to the signers papers which they had presented to him making serious allegations against a western senator for alleged indignities offered a woman. He held that matter was not privileged for presentation to the Senate.

The husband of the woman in the case said today he would send every senator a copy of his wife's statement of allegations against the senator, together with a demand for a senatorial investigation.

A Physician's Faith in Tuberculosis Medicine

"Have used Eckman's Alterative in several cases of tubercular glands of the neck, with excellent results every time. In one case it cost me $50, for the girl was put on it only until she could arrange to be operated, and in a short time an operation was not needed. I suppose your records are just as fine as of old. You know my faith in it." (Original of this physician's letter on file.)

Eckman's Alterative is effective in other forms. Read what Mrs. Garvin says:—

Idaho Falls, Idaho.

"Gentlemen: I have gained twenty-two pounds since last February and my baby is in perfect health. I have been waiting since she was born to see how I would get along. I am now doing all my work, have been ever since she was four weeks old, and I am steadily gaining. I do not cough or raise anything at all. I believe my lung trouble is cured."

(Sworn Affidavit) MRS. M. H. GARVIN.

Note—Mrs. Garvin has seven children.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetze, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy.

Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it.

It may be just the medicine you need.
